Marist Coaching Programme in the Philippines

Marist Coaching Programme in the Philippines

Terence Horne writes:

Greetings to you both and once again genuine thanks to you both and the Hugh Green Foundation for your support for the 'Marist Brothers Coaching Programmes' in three venues in the Philippines. As you may see from the attached photo there were a wide range of religious, Brothers and Nuns taking part. In two of the venues at General Santos and Davao (pic) we are into the fourth year and definitely putting the emphasis on making the programmes sustainable for when we withdraw and handover to the Marist Brothers in 2017. The Brothers have requested that we return for a final time to MAPAC in Manila to supervise the transition of the young Brothers from instructors to inspired leaders and innovator. We have been finding this phase a little challenging as most are quite humble and more followers than leaders. We are working on it! So for the fifth year we are humbly and gratefully seeking support from the Hugh Green Foundation to make this all happen. I have also a request from the four university lecturers to meet you both so that they can express to you, their gratitude for your unbridled and ongoing support. Those in the Marist centres in the Philippines have also requested that you and your golf clubs are able to visit them and observe the effect of all your generous support.

Marist Studies Seminar in the bicentennial year of the foundation at La Valla

A one-day seminar to celebrate our Marist beginnings and heritage in Oceania.

Audience: Marist family

Date: Monday 5 June 2017 (Queen's birthday observance)

Location: Good Shepherd College, Ponsonby

Time: 10am-4pm

Kevin Wanden FMS & Merv Duffy SM

Saint Paul's College

Demolition began at the College last Tuesday, 22nd November, under the watchful eye and hand of Principal Kieran Fouhy.

Allison Booker:

Allison will be overseas on leave from the 4th of December—we wish Allison and her family a happy break, and will see her again in January.
